Write these fractions in order of size.
Start with the smallest fraction.

[2 marks]

Answer _____

2 Here are four fractions.

$$\frac{3}{8} \quad \frac{1}{4} \quad \frac{2}{5} \quad \frac{7}{20}$$

Write these fractions in order of size.
Start with the smallest fraction.

[2 marks]

Answer _____

3 Here are four fractions.

$$\frac{3}{4} \quad \frac{2}{3} \quad \frac{1}{6} \quad \frac{11}{12}$$

Write these fractions in order of size.
Start with the smallest fraction.

[2 marks]

Answer _____

$\frac{\quad}{6}$

4 Here are four fractions.

$$\frac{4}{9}$$

$$\frac{1}{2}$$

$$\frac{1}{6}$$

$$\frac{1}{3}$$

Write these fractions in order of size.
Start with the smallest fraction.

[2 marks]

Answer _____

5 Here are four fractions.

$$\frac{5}{6}$$

$$\frac{5}{8}$$

$$\frac{3}{4}$$

$$\frac{7}{12}$$

Write these fractions in order of size.
Start with the smallest fraction.

[2 marks]

Answer _____

6 Here are four fractions.

$$\frac{3}{4}$$

$$\frac{4}{5}$$

$$\frac{7}{10}$$

$$\frac{17}{25}$$

Write these fractions in order of size.
Start with the smallest fraction.

[2 marks]

Answer _____

7 Here are four fractions.

$$\frac{2}{3}$$

$$\frac{1}{2}$$

$$\frac{5}{9}$$

$$\frac{5}{8}$$

Write these fractions in order of size.
Start with the smallest fraction.

[2 marks]

Answer _____

8 Here are four fractions.

$$\frac{11}{18}$$

$$\frac{3}{5}$$

$$\frac{8}{15}$$

$$\frac{7}{12}$$

Write these fractions in order of size.
Start with the smallest fraction.

[2 marks]

Answer _____

9 Here are four fractions.

$$\frac{2}{9}$$

$$\frac{1}{4}$$

$$\frac{3}{10}$$

$$\frac{11}{40}$$

Write these fractions in order of size.
Start with the smallest fraction.

[2 marks]

Answer _____

Turn over ►

10 Here are four fractions.

$$\frac{8}{9} \quad \frac{7}{8} \quad \frac{13}{16} \quad \frac{8}{10}$$

Write these fractions in order of size.
Start with the smallest fraction.

[2 marks]

Answer _____

11 Here are four fractions.

$$\frac{3}{4} \quad \frac{11}{15} \quad \frac{7}{10} \quad \frac{11}{14}$$

Write these fractions in order of size.
Start with the smallest fraction.

[2 marks]

Answer _____
